SECTION 2 – ACADEMIC DETAILS

Brief description of the content of the unit

This unit develops the students' understanding of Christology, soteriology and eschatology. It connects strongly with the MTC formation domain, *Engaging God's Story*. The unit aims to help students discuss these topics inter-contextually: that is, alongside contemporary western evangelical scholarship, students will learn to effectively engage with theologians from various historical contexts (e.g. Patristics, Medieval Scholastics, Reformers), cultural contexts (e.g. indigenous, African, South American), ecclesiastical contexts (e.g. Orthodox, Catholic, Baptist), as well as other often-marginalised voices (e.g. women, African-Americans). Key topics include: the incarnation, earthly ministry, death, resurrection, and heavenly session of Christ; sin, atonement, justification, and sanctification; other spiritual powers; personal and cosmic eschatology, including interpretations of revelation.

Learning outcomes for the unit

- 1) Explain the historical and cultural developments within Christology, soteriology and eschatology
- 2) Critically analyse various approaches to these doctrines cogently, with a view to effectively conveying them in various contexts the students may encounter
- 3) Explain their own position on key issues within one of the relevant theological topics, with reference to relevant scholarship
