Master of Education

Lead the way to innovation in your school with a Master of Education

[scan or click this link for more information regarding this course.](#)

Course Overview Description

Looking to advance your education while maintaining your work and family commitments? Tabor College's Master of Education program offers an innovative online and intensive delivery method, allowing you to complete coursework at your own pace and attend small group intensives at study hubs located in Blakes Crossing, Strathalbyn, or Tabor Campus in Millswood. Our personalized learning experience with smaller class sizes allows you to streamline your subject choices to suit your interests and needs. With a focus on research-enhanced thinking, leadership, Christian education, and critical pedagogy, our expert academic staff are committed to facilitating your personal and professional transformation to create engaging learning environments that prepare your students for success in a changing world.

Professional Outcomes

Our Master of Education course equips you with comprehensive knowledge of educational theories, principles, and research-based approaches. Through deep reflection on links between teaching practices and research, you will create engaging learning environments that prepare your students for success in a changing world. The course also provides detailed preparation towards conducting traditional academic research and Action Research. This leads to an opportunity to conduct an independent, practice-based research project.

Entry Requirements

Our Master of Education course requires a Bachelor's degree with a GPA of at least 5.0. Applicants with a degree of Bachelor of Education admitted into the Master of Education course will receive 24 credit points of advanced standing.

Tabor College's Master of Education course is fully accredited and ideally suited for part-time study alongside continuing professional employment.
